

Alessandra, Heavy

Say you're fine, say you're fine
What's on your mind, on your mind
You're a little too quiet in the passenger seat
And another sad song's playing on repeat

Fake a smile, fake a smile
Just one more mile, one more mile
You're afraid to open up, thinking you'll look weak
But since you won't talk, I'll go ahead and speak

And I know it doesn't help, but I'll say it
Hiding the pain won't save you from breaking
I don't want you to think you're all by yourself

When life gets too heavy
I'll take the weight if you let me
Babe, it's okay to lose control

'Cause life can get messy
Sometimes a little unsteady
You don't have to do it on your own

Turn away, turn away
Tryna place the blame, place the blame
On another failed exam or a sleepless night
But I can always tell when you tell a lie

And I know it doesn't help, but I'll say it
Hiding the pain won't save you from breaking
I don't want you to think you're all by yourself

When life gets too heavy
I'll take the weight if you let me
Babe, it's okay to lose control (Babe, it's okay)

'Cause life can get messy
Sometimes a little unsteady
You don't have to do it on your own (On your own)
Babe, no, you don't have to do it on your own

Building up a wall until it's way too tall to climb (Way too tall to climb)
Thinking you'll be stronger but we know that's a lie (We know that's a lie)
Try to cut me off but I'll never leave your side (I'll never leave your side)
Don't you know that

When life gets too heavy
I'll take the weight if you let me
Babe, it's okay to lose control

'Cause life can get messy
Sometimes a little unsteady
You don't have to do it on your own
