

Alessi, Long Time Friends

Long time friends start lookin older
Everybody agrees it seems time goes so fast
And down the road dont seem so far
Tell me you wont go away
Tell me youre her to stay
True love is how true you make it
Some people choose to play between the lines
But you cant fool yourself
Some people have to wait
Some people never find it
Give me the love you make
Give me the rainy days
I wanna hold you through the night,
Through time
Weve had to make our way
Been through the cloudy days
Its up to us to keep it together
Give me the love you make
Give me the rainy days
