

Alesso, If It Wasn't for You

I was alone, I was made of stone
You took me home, we built a world
A world for us, we flew like birds
A new beginning

It's better, better, better,
You are keeping me together, together, together
You know that I will never, never, never
Try to pull you down, down
Lover, lover, lover you can always be here
I'll take cover,
You know that I will never, never, never
Leave you all alone
I'd be nothing if it wasn't for you
If it wasn't for you

I was a fool, always keeping a distance
If I'd ever know, you found a way
I thought I always stayed the same
Because of you, I saw a new beginning..

It's better, better, better,
You are keeping me together, together, together
You know that I will never, never, never
Try to pull you down, down
Lover, lover, lover you can always be here
I'll take cover,
You know that I will never, never, never
Leave you all alone
I'd be nothing if it wasn't for you
If it wasn't for you
