Alesso, If It Wasn't for You

I was alone, I was made of stone You took me home, we built a world A world for us, we flew like birds A new beginning

It's better, better, better, You are keeping me together, together, together You know that I will never, never, never Try to pull you down, down Lover, lover, lover you can always be here I'll take cover, You know that I will never, never, never Leave you all alone I'd be nothing if it wasn't for you If it wasn't for you

I was a fool, always keeping a distance If I'd ever know, you found a way I thought I always stayed the same Because of you, I saw a new beginning..

It's better, better, better, You are keeping me together, together, together You know that I will never, never, never Try to pull you down, down Lover, lover, lover you can always be here I'll take cover, You know that I will never, never, never Leave you all alone I'd be nothing if it wasn't for you If it wasn't for you
