oh  
got me numb on this feeling  
sometimes I need to breathe in  
won't you come and save me now  
save me now?

oh  
got me numb on this feeling  
sometimes I need to breathe in  
won't you come and save me now  
save me now?

oh  
got me numb on this feeling  
sometimes I need to breathe in  
won't you come and save me now  
save me now?

oh  
got me numb on this feeling  
sometimes I need to breathe in  
won't you come and save me now  
save me now?
