

# Alesso, Scars (feat. Ryan Tedder)

I think scars are beautiful  
I think black is white  
I'm stuck between the hell I'm in and where we live  
You say this could kill you  
Your words collect a night  
We are the beautiful mystify  
I can't fly

So I, I, I  
I don't care if it kills me tonight  
Cause I, I, I  
I'm in love from these scars for life  
And I, I, I  
I don't care if it kills me tonight  
Cause I, I, I  
I'm in love from these scars for life

I think scars are beautiful  
I think black is white  
I'm stuck between the hell I'm in and where we live  
You say this could kill you  
Your words collect a night  
We are the beautiful mystify  
I can't fly

So I, I, I  
I don't care if it kills me tonight  
Cause I, I, I  
I'm in love from these scars for life  
And I, I, I  
I don't care if it kills me tonight  
Cause I, I, I  
I'm in love from these scars for life
