

Alewya, Zuggy

Deyeh
Ziggy, ziggy, no way
Deyeh

Ziggy, no way
Ziggy, ziggy, no way, no way, go suh
Ziggy, no way
Ziggy, ziggy, no way, no way, go suh
Zing, zang, zang, zay
Zigga, ziggang, zang, zang, zang, say, what's up?
You wan parle?
Kill off, kill off them entities away

Aren't you tired, lil' stalker?
On my back, try follow
Try to blind with clutter
Like to keep it hollow
Realign and mutter
My divine like stutter
Different stripe, this lover
Real eyes blow covers
Yeah, yeah

Ziggy, no way
Ziggy, ziggy, no way, no way, go suh
Ziggy, no way
Ziggy, ziggy, no way, no way, go suh
Zing, zang, zang, zay
Zigga, ziggang, zang, zang, zang, say, what's up?
You wan parle?
Kill off, kill off them entities away

See the chants I mutter
Make the gin heads spunna
Tried to drain my glow
Only make them duller (Yes, yes, yes)
Backfired and suffered (Beat by)
Tender-hearted lovers (Wide eyes)
Givin' off there's others (More I)
Quick to spot one sucka
Yeah

If they seething, they can keep it
'Cause I won't, 'cause I won't
Do you see me wastin' time?
Because I don't, 'cause I don't
I can breathe it 'cause I freed it
On my own, on my own
Watch it heat it, watch it beat it
To a pulp, to a pulp
If they seething, they can keep it
'Cause I won't, 'cause I won't
Do you see me wastin' time?
Because I don't, 'cause I don't
I can breathe it 'cause I freed it
On my own, on my own
Watch it heat it, watch it beat it
To a pulp, to a pulp, oh yeah

Deep diver, black viper, take time, uh
I can see them gallop from the far horizon
Riders shinin' for me, take it slow then strike
I can go a few ways, I'ma put that on my vibe, uh
Top head hitter with the eyes of a tiger

Sights high fly, feed my soul, give in doses
Levels can't be checked so I can't even compose this
Finish loadin', shoot to show them
