

Alex Band, Holding On

I am awake
No longer sleeping
I made my mistakes
It's what I was needing
And now I'm,
Breaking away from the crowd,
I wanna just scream aloud, Hey,
No one can stand in my way...

CHORUS

I believe
I'm holding on to a dream
And staying strong
Can't you see?
I'm holding on, holding on
Holding on to a dream
I've made up my mind
This fire is burning
I'll follow the signs
These pages are turning
And now I'm,
Dancing alone in the moon-light,
Closing my eyes, it just feels right,
Letting my heart lead the way...

CHORUS

You know I can't do this alone
A house never could make a home
And now I'm,
Breaking away from the crowd,
I wanna just scream aloud, Hey,
No one can stand in my way...

CHORUS

Holding on to a dream
Holding on to a dream
Holding on to a dream
Hold on
