

# Alex Cornish, I'm on the right side

Your plans don't mean anything to me  
Your words don't make any sense  
Your thoughts dying somewhere else.  
Is it something I have done  
Is it something that you've read  
Is it something that I said  
All alone  
You come up to breathe  
You're talkin in circus  
You've got to see  
I'm on the right side  
You get up to live  
You're walkin in circus  
You've got to see  
I'm on the right side  
Who's gonna take you out  
Who's gonna walk you home  
Who's gonna be alone  
Who's gonna make you laugh  
Who's gonna make you cry  
Who's gonna dry your eyes  
When I'm gone  
You come up to breathe  
You're talkin in circus  
You've got to see  
I'm on the right side  
You get up to live  
You're walkin in circus  
You've got to see  
I'm on the right side  
And I never go to Richman Park  
And I never take you into bed  
And I never be oh that's right  
And I never pick you up in my car  
And I never wake up in your arms  
And I never see you again  
Anymore  
You come up to breathe  
You're talkin in circus  
You've got to see  
I'm on the right side  
You get up to live  
You're walkin in circus  
You've got to see  
I'm on the right side (x2)  
I'll come back cause I'm on the right side...
