Alex, Hola

A lil' shorty ... so damn fly

Feel like i wanna give her a ticket to ride, and i'm

Feeling the things you do

You're making my dreams come true

The rhythm of me and you

Let's take it higher 'cause

Girl, you really got game

The way you're singing my name

The way you're shaking your thang

Like: & amp; quot; cha, cha, cha... move your cho-cha& amp; quot;

Hola, there you go, ma...

Hola, put it on ya...

Hola, we're moving closer

We can do whatever

When we're together

Mamacita, hola

I'm really feeling you

Hey lil' shorty ... let's go outside

In the moonlight, where you and i can shine all night, and i'm

Feeling the things you do

You're making my dreams come true

The rythm of me and you

Let's take it higher 'cause

Girl, you really got game

The way you're singing my name

The way you're shaking your thang

Like: & amp; quot; cha, cha, cha... move your cho-cha& amp; quot;

Hola, there you go, ma...

Hola, put it on ya...

Hola, we're moving closer

We can do whatever

When we're together

Mamacita, hola

I'm really feeling you

... let's break it down, down, down

Take it round, round, round

Make it bounce, bounce, bounce

The way you want it

We can break it down, down, down

Take it round, round, round

Make it bounce, bounce, bounce

I'm really feeling you...

Hola, there you go, ma...

Hola, put it on ya...

Hola, we're moving closer

We can do whatever

When we're together

Mamacita, hola

I'm really feeling you
