

Alex Kassel, Chasing The Dream (feat. Adam Jos

This ain't about where you been it's about where you wanna be
And all those years that you spend workin' now you're still on your feet
You can bring what you want take a minute to breath
But baby I can't wait forever if you're coming with me

Chorus

You're better hurry

Cause I'm never turning back

On my way to the place

You can follow my lead

Cause it's a journey

And we're never coming back

And it's you and it's me

Making love as we're chasing the dream

And now that you're on your way baby see you're picking up speed

And everything you thought impossible is within your reach

You can have what you need when you're chasing the dream

Can nothing hold you back from getting to where you wanna be

Chorus
