

Alex Lloyd, Easy Exit Station

how d'you get to be so beautiful?
how d'you get to be so?
when all my weaknesses are shining through
how'd it get to be so?

'cause you're still mine
and I'm still yours
there's no one left to fall behind.

when one's illusion is the other's proof
how'd it get to be so?
sometimes I find it hard to say what I want to say.
how'd it get to be so?

'cause you're still mine
and I'm still yours
there's no one left to fall behind.

so you combed the explanation
it's an easy situation
don't you know?
you know.

just a wispy conversation.
it's an easy exit station
don't you know?
you know.

'cause you're still mine
and I'm still yours
there's no one left to fall behind.
