

Alex Lloyd, Save My Soul

Hey, there's a little light and shade.
Broken promises were made
but there's no one left to blame
but ourselves, today.

Hey, sometimes I want to disappear,
escape from all the years,
the secrets and the fears.
Take a holiday.

And you save, yeah you save my soul.
And you save, yeah you save my soul.
And you save, yeah you save my soul again.

Hey, it's coming around again my friend,
I need to see again the angel,
who can mend,
when it's crashing in.

And you save, yeah you save my soul.
And you save, yeah you save my soul.
And you save, yeah you save my soul again.

There's something inside,
I know it's true,
walking the other side of you.

Wasting the day, but it's ok,
the memory I lost of last night's dream
Some of us laugh now, some of us scream,
be safe today, 'cause it's ok.

And you save, yeah you save my soul.

And you save, yeah you save my soul.
And you save, yeah you save my soul.
And you save, yeah you save my soul again.
