

Alex M.O.R.P.H., Heavenly

You found it in my sign
Never looking
Coming up for you
Overflowing
Found it on my way
Now it's holding me
The faith I have in us
You believe it
I believe
That it's heavenly
When it's heavenly
Then it's all right
Embracing in as one
we're colliding
Living on the truth
Beside me
Held it like a dream
Now it's holding me
The faith in what we feel
You believe it
I believe in the faith of you and me
I believe it's all me
I believe in the truth in front of me
I believe it's heavenly
I believe
That it's heavenly
When it's heavenly
Then it's all right
I believe
That it's heavenly
When it's heavenly
Then it's all right
