No One Else Comes Close

When we turn out the lights

The two of us alone together

Something just not right

But girl you know that I'd never

ever let another's touch come between the two of us

Cause no one else could never take your place

No one else comes close to you

No one makes me feel the way you do

You're so special girl to me

And you'll always be eternally

Every time I hold you near

You always say the words I love to hear

Girl with just a touch you can do so much

No one else come close

And when I wake up to

The touch of your head on my shoulder

You're my dream come true

Oh girl you know I'll always treasure

Every kiss everyday love you girl in every way

And I always will cause in my eyes

No one else comes close to you

No one makes me feel the way you do

You're so special girl to me

And you'll always be eternally

Every time I hold you near

You always say the words I love to hear

Girl with just a touch you can do so much

No one else come close
