

Alexa Vega, Game Over (Excellent)

"Game over, there are no rules in this game except win at any cost"

Your time has come
once and for all
You met your match
you will fall

this little game we play
is gonna bring us down
only one of us can wear the crown
it's not as easy as you thought it be
when its down to you verses me

I play rough
I dont need to try
you like to play mean
but the score never lies

Chorus:
Game over
game over
game over for now

winning the game's the only rule allowed
no more good luck
or cheers from the crowd

When the game began
you never thought you'd lose
but your time is up, i play to bruise

Look around in fact you've lost your team
You tried your best but you've run out of steam

(Chorus)

Your all out of wishes kiss your dreams
goodbye the ends the same

It's not whether you win or lose it's
how you play the game

(Chorus)

(Guitar break)

Is that all you got?
Come on
Uh uh
bring it on

(Chorus)

Game over
