

# Alexander 23, Somebody's Nobody

I used to be nobody's somebody  
Wander the streets, looking for company  
That I could keep so I didn't sleep alone  
Then I met you, took me to places that I never knew  
You had a face that could light up a room  
But darkness lives through the soul

You used to stay at my place, now you just stay on my mind  
We had a good run, baby, but you just can't outrun time  
And I know it's for the best, but still it hurts

I used to be nobody's somebody  
'Til you put your hands around my body  
I really thought I was meant to be yours  
Now all that's left of you on me  
Is that Tommy yellow t-shirt, I'm pretty sure that you got me  
Now I don't know maybe it's even worse  
Being somebody's nobody

I still haven't got shades for that window  
And your makeup stains, still haunt my pillow  
Some things never change  
And some things, well, they change you, ooh (Oh)

Yeah, you used to stay at my place, now you just stay on my mind  
We had a good run, baby, but you just can't outrun time  
And I know it's for the best, but still it hurts (Yeah)

I used to be nobody's somebody  
'Til you put your hands around my body  
I really thought I was meant to be yours  
Now all that's left of you on me  
Is that Tommy yellow t-shirt, I'm pretty sure that you got me  
Now I don't know maybe it's even worse  
Being somebody's nobody

I don't wanna start with, start with somebody new  
She could be perfect but the problem is she'll never be you  
Don't wanna start with, start with  
Somebody new, no, I don't wanna do it  
I don't wanna start with, start with somebody new  
She could be perfect but the problem is she'll never be you  
Don't wanna start with, start with  
Somebody new, no, I don't wanna do it

It's for the best but still it really fucking hurts  
Yeah, I know it's for the best but still it really fucking hurts  
And I know it's for the best but still it really fucking hurts  
Yeah, I know it's for the best but still it really fucking hurts
