

Alexander, Alextasy

Sometimes I wonder what you want from me
Can make see what you don't want to see
Perfect is everything what I won't be
On my collision course of destiny
Hear me, come on feel me
Come on, judge me
Come on, deal me
I'll show you the real me
I'm the fire of my desire
Why can't you see
This is me, it's my energy
Time to belive,
It's myself, it's myself,
Alextasy
You're buying everything you hear about me
No you can't rob me of my dignity
So many people are to blind to see
This is my life and my reality
Hear me, come on feel me
Come on, judge me
Come on, deal me,
I'll show you the real me
I'm the fire of my desire
Why can't you see
This is me, it's my energy
Time to belive,
It's myself, it's myself,
Why can't you see
This is me, it's my energy
Time to belive,
It's myself, it's myself,
Alextasy
Oohhh...
Brand new me A.L.E. XTASY
You're here to see my energy
ALEXTASY
Brand new me A.L.E. XTASY
You're here to see my energy
ALEXTASY
Hear me, come on feel me
Come on, judge me
Come on, deal me,
I'll show you the real me
I'm the fire of my desire
Why can't you see
This is me, Alextasy
Time to belive,
It's myself, it's myself,
Why can't you see
This is me, it's my energy
Time to belive,
It's myself, it's myself,
Alextasy
Alextasy, Alextasy,
This is me...
