

# Alexander Oneal, A Broken Heart Can Mend

Chorus:

A broken heart

A broken heart

A broken heart can mend

A broken heart

A broken heart

A broken heart can mend

Sometimes I'm scared to get too serious

I get the feeling that I'm all locked in

You might be the girl who will break my heart

If I take this chance and go out on a limb

I know from experience

When you fall in love

Something sure do break your heart

Repeat chorus

I can't get awake of sleep

I'm always wondering who you're with

So if I keep you near to me

I'm gonna save myself a lot of grief

And maybe I'll fall in love

If you catch my fall

And you never break my heart baby

Repeat chorus 3 times

Oh girl

Oh baby

It takes a little time

Then you van love again

But I ain't got the time

To get through another heartbreak

( I I I I A broken heart can mend)

( I I I I A broken heart can mend)
