We found each other by mistake  
I never really wanna you  
You've said you even ?  
Kill others ?.

Now it's ? around  
Now it's ? around

We found each other by mistake  
I never really wanna you  
But now it's ? around  
He never died for me

I do anything you tell me to  
? I give all me heart  
You're stranger to me  
You're stranger to me

I do anything you tell me to  
I give you everything I got  
Please look at me like lover do  
You're like a stranger to me  
You're stranger to me  
Like a stranger
