Gotta Be Mine

I'm surprised to see you

Standin' at the door

Just think of the good days

Don't leave me here alone

It's such a real love

And now I need you

'cause I believe in love

And I want you more and more

Don't make me blue

There's nothing I can do

If you walk out on me

I'm forever gone

My own defence is to keep up

My confidence

Don't take your bags

And get out of my life 'cause

You gotta be mine

Gotta be mine

Gotta be mine

You gotta be mine

Gotta be mine

Gotta be mine
