Alexia Cooper, Gotta Be Mine

Alexia Cooper Miscellaneous Gotta Be Mine I'm surprised to see you Standin' at the door Just think of the good days Don't leave me here alone

It's such a real love And now I need you 'cause I believe in love And I want you more and more

Don't make me blue There's nothing I can do If you walk out on me I'm forever gone

My own defence is to keep up My confidence Don't take your bags And get out of my life 'cause

You gotta be mine Gotta be mine Gotta be mine

You gotta be mine Gotta be mine Gotta be mine
