

# Alexia, Don't You Know ( International Version)

Tell me why  
You come back to me  
over and over  
holding out on me  
Now nothing comes my way  
Oh Lord help me please  
Do you hear me calling  
Listen to my prayer...

Don't you know we've got to fight to save our life from the heartache  
We were born to love each other hand in hand not be lonely.

Hey you, don't you understand  
You belong to me my man  
come on move and set me free!  
What the hell this is all on me  
Ah I'm losing my control  
Didn't know you can steal my soul  
Shut up now baby , and I will tell you all about it :

You better tell it to my face.  
Are you fooling me?  
I'm coming up and this is how we do it.

Don't you know we've got to fight to save our life from the heartache  
Oh yeah, and this is how we do it baby.  
We were born to love each other hand in hand not be lonely.  
Hand in Hand till the end

Oh no, no not you again  
thought you had gone instead  
(I GOTCHA)  
Now you're in for it  
You think you can play no shit  
(NO) Not welcome here no more  
And I'm not gonna be alone  
Just get me out of here before you drive me crazy

You think I'd wait for you, say hey  
What' ya think I'd said  
No not today I've got no reason

Don't you know we've got to fight to save our life from the heartache  
We've got to fight, we've got to save our life baby  
We were born to love each other hand in hand not be lonely  
We've got we've got we've got to love each other honey  
Don't you know we've got to fight to save our life from the heartache  
Now show me baby the way to save me from a heartache  
We were born to love each other hand in hand not be lonely  
Now treat me like a lady ,  
I want your damn respect !

Don't you know we've got to fight to save our life from the heartache

Don't you know we've got to fight to save our life from the heartache  
Come on come on come on baby!  
We were born to love each other hand in hand not be lonely  
We love each other , so watcha you gonna do without me  
Don't you know we've got to fight to save our life from the heartache  
Hey Aretha give me the words to sing this song about it  
We were born to love each other hand in hand not be lonely  
Oh you love me man, So watcha you gonna do without me...

Don't you know we've got to fight to save our life from the heartache.
