

# Alexia, Gimme Love (club Short Edit)

gimme love gimme love  
baby gimme your love

i love you boy  
i remember when i saw you  
i'd never thought that you could care about me  
then we had a conversation  
boy we couldn't imagine how we would be

gimme love  
gimme baby gimme gimme love  
gimme love gimme gimme love  
baby gimme your love  
oh honey gimme your love

i need you baby gimme your love  
i need your loving

i don't know why when I spend my time without you  
everything in this world means nothing to me  
cause you give me something baby  
boy this is more than i need to be real

chorus
