

Alexis Schuster, Teach Me To Fly

I saw you with your girl the other day
The two of you were standing by the door
I thought- they look good together
But he should be with me

I've got more feelings
I am more aware
That when her hand is inside yours
I can't even think

CHORUS:
put your hand in mine
put your heart in my care
put your wings around my shoulders
take me away and teach me to fly
teach me to fly

I'm gonna leave this town, gonna leave this place
I can't even stand to see her face
You know that
I would love you better, yes I would love you better

CHORUS

(bridge)
you don't know what it's like
you don't know how much I feel inside

CHORUS x2
