

# Alexis Strum, Keep Up

Keep up  
Keep up

You take it nice and slow  
Yeah I like your pace  
My fascination grows,  
With every move you make.

I wanna get next to you  
Face to face  
Show you what I can do  
Watch me watching you

Now it's my turn  
Check my body  
You're gonna get some  
Keep those brown eyes on me

Fever's hot  
You've hit the spot  
Dance around  
Just get down  
Keep up  
Keep up

Yeah I'm hot  
Don't push your luck,  
No competition  
Just get down,  
Keep up  
Keep up

See how good it feels  
When you don't rush  
And you should watch your mouth  
Cos you make me blush

Now it's my turn  
Check my body  
You're gonna get some  
Keep those brown eyes on me

Fever's hot  
You've hit the spot  
Dance around  
Just get down  
Keep up  
Keep up

Yeah I'm hot  
Don't push your luck,  
No competition  
Just get down,  
Keep up  
Keep up

Cos I'm ready to go  
Can't wait anymore  
Dance around  
Just get down  
Keep up  
Keep up

Cos I'm ready to go

Can't wait anymore  
Just get down
