

# Alexis Strum, Nobody Know

I've never been good  
As good as I should  
But why the hell, uh  
I'm thinking it's time to come out

And tell the world  
That I'm your girl  
And you're my man

Cos they figured it out now  
Guess you weren't so clever with your master plan  
You see I can't stop thinking that you're hesitating  
Cos it's so long you've been keeping me waiting  
And now there's no way that I can disguise any longer  
But you keep on saying...

Don't let nobody know, nobody know  
Nobody know about us  
Cos it's starting to show, I can't control  
These crazy things happening around us

Now's the time  
Where will you hide?  
You've gotta make up your mind  
I ain't gonna step into her shoes

A substitute  
You hold on to  
Cos you won't face the truth

I figured it out now  
Is it too complicated for you?  
You see I can't stand running around just pretending  
That there's nothing going when I hear your name mentioned  
I have to shake so good that my heart starts racing  
But I'm not ashamed...

Don't let nobody know, nobody know  
Nobody know about us  
Cos it's starting to show, I can't control  
These crazy things happening around us  
Crazy thing that's happening around us  
All these crazy things that's happened to us

Nobody know, nobody know  
Nobody know about us  
Cos it's starting to show, I can't control  
These crazy things happening around us

Don't let nobody know, nobody know  
Nobody know about us  
Cos it's starting to show, I can't control  
These crazy things happening around us

Don't let nobody know, nobody know  
Nobody know about us  
Cos it's starting to show, I can't control  
These crazy things happening around us

Don't let nobody know, oh yeah  
Don't let nobody know

Don't let nobody know, nobody know  
Nobody know about us

Cos it's starting to show, I can't control  
These crazy things happening around us

Don't let nobody know, nobody know  
Nobody know about us  
Cos it's starting to show, I can't control  
These crazy things happening to us
