

Alexis Strum, Rock This Disco

Stumbled into some hiked up club
Shoulda walked straight out the door
Yearnin' guys and trippin' eyes
All fall to the floor

Move my feet, skip to the beat
But I can't dance to that
It ain't got soul, no rock and roll
So I thought I'd write this rap (listen to this)

You gotta work it, shake it, move your ass
Follow my lead, I'm sexy like that
Put your hands up, bump it, super cool
They don't teach ya this shit at Sunday school (no they don't)

Baby see me, say hello (Ohh!)
Do you wanna flow? (flow!)
Pop the bottle and let's go (go!)
We're gonna rock this disco (disco!)
When you seem funky now (ow!)
Shake your booty about (about!)
Feel my legs start to go (go!)
We're gonna rock this disco

Hold up, hold up!
(What?)
Nothing

Now you're really getting' it
Is it making you sweat? (c'mon)
Don't relax, just place your bets
I haven't stopped dancin' yet

Looking good, just like you should
This beat has got you high
Count to ten come back again
Excuse me, while I kiss this guy

You gotta work it, shake it, move your ass
Follow my lead, I'm sexy like that
Put your hands up, bump it, super cool
They don't teach ya this shit at Sunday school

Baby see me, say hello (Ohh!)
Do you wanna flow? (flow!)
Pop the bottle and let's go (go!)
We're gonna rock this disco (disco!)
When you seem funky now (ow!)
Shake your booty about (about!)
Feel my legs start to go (go!)
We're gonna rock this disco (disco!)

La la la la la la, la la la la la la
La la la la la la, la la la la la la (mwah!)

Baby see me, say hello
Do you wanna flow?
Pop the bottle and let's go
We're gonna rock this disco
When you seem funky now
Shake your booty about
Feel my legs start to go
We're gonna rock this disco (disco!)
