

# Alexz Johnson, Don't You Dare

Dark cloud moving in  
Just one fall of rain  
Would wash away, wash away the pain

Just one ray of sun  
To warm my skin and rid me of  
The cold you're drowning in

I could say that I don't care  
But the truth is I'd follow you anywhere  
I've been waiting such a long, long time  
Don't you dare change your mind

Seems so close to me  
But still beyond my reach  
Calling me and playing hide and seek

Look behind that door  
I'm the one you've been searching for  
And I'm not a little girl anymore

I could say that I don't care  
But the truth is I'd follow you anywhere  
I've been waiting such a long, long time  
Don't you dare change your mind

Don't wander 'round looking for someone to replace me  
Don't wander 'round wasting the rest of your life  
Don't wander 'round waiting for someone else to save you  
And don't you make the same mistake, twice

I could say that I don't care  
But the truth is I'd follow you anywhere  
I've been waiting such a long, long time  
Don't you dare change your mind
