

Alexz Johnson, Fade To Black

Three Days,
Eight Hours,
Fourteen minutes gone,
You bend,
I'll break,
Like in every song,
Maybe I'm too scared to call,
Maybe I'm too tough to fall.

Everything you are,
Everything reminds me of,
Everything you are,
Fades to black,
Everytime I see your face,
Screaming the secrets we share,
We fade to Black.

I call out for your warm embrace,
Feel your tears fall,
Upon my face,
What makes me so bullet proof?
What makes me act so removed?

Everything you are,
Everything reminds me of,
Everything you are,
Fades to black,
Everytime I see your face,
Screaming the secrets we share

Feels like I'm running,
Running as fast as I can,
Feels like I'm trying,
Trying to understand why I keep crashing as hard as I can into you.

Da da da,
Da da da,
Da da da da da da,
Da da da,
Da da da,
Da da da da da da,

Everything you are,
Everything reminds me of,
Everything you are,
Fades to black,
Everytime I see your face,
Screaming the secrets we share...

Everything you are,
Everything reminds me of,
Everything you are,
Fades to black,
Everytimes I see your face,
Screaming the secrets we share.

We fade to black
