

Alexz Johnson, I'm In Love With My Guitar

I've been trying too hard, I've been spinning around
Got people chasing me down
Gotta find a way back to my world somehow
Somehow
Right now I wanna get lost inside of a song
Where there's no right or wrong
In my room all alone is where I belong
My life is mine once I'm behind the door
Whenever we're together no one's a star
I can pour it all out right from the heart
If it's up to me, we'll never be apart
I'm in love with my guitar
I grab a handful of strings, I've been dying to play
Carries me far away
I don't need to explain when I've got nothing to say, oh yeah
If I break down it's all the sound I make
Whenever we're together no one's a star
I can pour it all out right from the heart
If it's up to me, we'll never be apart
I'm in love with my guitar, oh yeah
Keeper of my secrets
Part of all my dreams
Somehow we're connected
From a whisper to a scream
Whenever we're together no one's a star
I can pour it all out right from the heart
If it's up to me, we'll never be apart
'Cause I'm in love with my guitar
Whenever we're together no one's a star
I can pour it all out right from the heart
If it's up to me, we'll never be apart
I'm in love with my guitar, oh yeah
I'm in love, I'm in love
I'm in love with my guitar
I'm in love with my guitar
