

Alexz Johnson, I swear I was never in love

this isn't how it's supposed to be
me loving you and you not loving me
now i'm in no need of your company
so please, just leave and let me get out of your way
there's nothing left now we need to say
stay away, i'm sayin things i really wish i mean
i wish you never messed around with me
but now that we're done
i swear i, i swear i was never in love
i swear i, i swear i was never in love
no i was never in love
i never met you in the bar
i never kissed you in the dark
i wouldn't recognize your birthmark
ooh it's true, been feelin better now that we are though
i swear to god i never loved you
and now that we're done
i swear i, i swear i was never in love
i swear i, i swear i was never in love
no i was never in love
i swear i, i swear i was never in love
i swear i, i swear i was never in love
no i was never in love
i swear i didn't love
ooh never in love
never been in love
never in love
i was never in love
i swear i, i swear i was never in love
i swear i, i swear i was never in love
no i was never in love
i swear i, i swear i was never in love
i swear i, i swear i was never in love
was never in love
