

Alexz Johnson, Secret Heart

I tried to stop and cover up,
the feelings stealin' by.
They just wanna fly away,
but I'm afraid I'm shy.
And I'm a fool,
I'm zero cool,
when it comes to you,
so I've applied the rule:
Play it safe and hide.

But behind the scenes, it's more extreme.
I'd scare you away (I'd scare you away).
Through winding halls,
behind these walls,
lies buried what I don't say.

Now I've kept my secrets locked inside.
I wanna begin to let you into my mind.
But this is where we hit the hardest,
by letting you go deep into my secret heart.
