

# Alexz Johnson, Teach Me How To Love

Teach me how to love,  
Show me where i stand  
Catch me when i fall  
Pick me up again  
Tech me how to feel  
When to take a breath  
How do people heal,  
when they're scared to death.

Teach me how to love,  
when the sun turns to rain  
How to give too much,  
Without expecting back the same  
Teach me how to love,  
when I've lost my way  
How to not give up  
When I wanna run away  
Teach me how to love

Give me room to fail  
Let me make mistakes  
Help me mend my heart  
It always seems to break

Teach me how to love,  
when the sun turns to rain

How to give too much,  
Without expecting back the same  
Teach me how to love,  
when I've lost my way  
How to not give up  
When I wanna run away  
Teach me how to love

Love.....

Love is the answer they say  
But it's hard to find it

I.....  
I won't get out of my own way  
till i fall deep inside it  
Teach me how to love,  
when the sun turns to rain  
How to give too much,  
Without expecting back the same  
Teach me how to love,  
when I've lost my way  
How to not give up  
When I wanna run away  
Teach me how to love
