Man all these questions make me wanna empty three  
Do you know Jigga, Snoop Dogg, Nas & 'Kiss?  
Ask me about the Source Awards & I'm a plead the fifth  
I'm sick of this  
Whatever happened to Lee

How you're mom & them?  
Instead I'm in the Club Gem  
Uh, mo'fuckers bumpin' until my cup  
Got a truckload of demos aiyyo man hook me up  
I'm still the same

I never change  
I'm plain  
But still I maintain

[Chorus x2:]

Cause it ain't that serious  
Mind your business  
You ain't in this  
Leave me alone  
You're an idiot  
Point blank period  
If you're hearing this  
Please be gone

[Verse 2:]

Check, got hell hot sheets at the Shell  
By this bitch Rochelle  
She all about the mail  
Look at her walk & tell

Bought a fan from hell  
Ended up smoking bullshit weed through a hole & it L (Yep)

That's the truth playboy ain't no lies in me  
People pop quiz

That's just how it is  
But they need to stay the fuck out of her & my biz  
I'm stressed  
From the groupie fest

Rest to less  
Uplate upset  
We gripping the S-S homeboy  
Here they come ghetto tabloid  
Hood rover reporters  
Crackfaces with camcorders  
I rather swim across the border  
A Thousand sharks in the water  
Piranha at the Grammys in a Honda  
Or eat a porkchop  
Y'all people need to stop  
With all this gossip  
I think my brain about to pop

[Chorus x2]

How many songs y'all got?  
What's the name of your block? (Eighty-Eight)  
Where'd you get that good pot?  
How you feel about the cop?  
Do you eat meat? (No)  
Did your cousin make this beat? (Yep)  
What you got on your feet?  
Are you respected in the streets?  
How old are you?  
Are you an MC Cannibal?  
How far will the Rams go?  
Why they call you Hannibal?  
Why they call you Lesus?  
Please could you lead us  
Food for thought  
Would you walk, talk & feed us?  
How is heaven Junior?  
Ash, Cache, Little Lisa, Bubbles, Jaki, Chanelle & Tre  
King Real or Keith, Kelsey, Ariel  
Kevon, Kam tight as they all knew they were swell  
Shann like blow  
Use your third to grow  
This just a small lesson just to let you know  
Fo' show & if the shoe fits wear it sucker  
And if they shoot then you'se a nosy motherfucker

[Chorus x2]
