

Alias, Farewell

farewell, so long, 'coz
i was wrong i guess
farewell, so long, 'coz
i was wrong i confess

i miss the way you
miss the way you'd dance with me
i miss the way you
miss the way you'd dance with me

so farewell, my love, 'coz
i was wrong again
farewell, so long, 'coz
i was wrong i confess

i miss the way you
miss the way you sing with me
i miss the way you
miss the way you'd sing with me

i never asked you for
the silver and ...*
that fancy dress to wear
or ceiling made of stars

all i got was just this broken heart...from you

* sorry i missed that word
