

# Alice Avery, Lonely

This center of my world is shaking, trembling hard since I met you, met you  
The life I knew before is opening up, it's taking me by surprise.

But when life is full of men who loved you but let you down,  
It's hard to open up, your heart won't open up to love.

Uh, this world is lonely, if you buried all you own  
Uh, this world is lonely, you don't have to do it all alone  
?cause if you're all then it's glorious,  
Once you meet the right person  
Then this world won't feel so lonely anymore.

My bed is empty without you, you warm it up so come closer,  
Since you lying next to me, my dreams are history now leave leave leave me

But when life is full of men who loved you but let you down,  
It's hard to open up, your heart won't open up to love.

Uh, this world is lonely, if you buried all you own  
Uh, this world is lonely, you don't have to do it all alone  
?cause if you're all then it's glorious,  
Once you meet the right person  
Then this world won't feel so lonely anymore.

Uh, this world is lonely, if you buried all you own  
Uh, this world is lonely, you don't have to do it all alone  
?cause if you're all then it's glorious,  
Once you find that right person  
Then this world won't feel so lonely anymore.
