

# Alice, Can't Get Over You

As I watched you leave,  
I felt a seed, but decided not to cry,  
I wondered why, you said "Goodbye";  
I keep the pain inside  
I can't believe you turned and walked away,  
Left me all alone...up in the rain  
Everynight I lie awake and pray,  
That you will come back to me someday.

## CHORUS

Can't get over you...
