Alice Cooper, Beautiful Flyaway

Beautiful flyaway somewhere like holy days wonder what brought me down to earth Haven't I always been here let's have another nibble later I think I'll disappear into the bishop's hall And take a look at what we offer DDT poisoning me changing my relativity what's it going to be Da da da da da later I think I'll disappear into another room and take a look inside the till Lovely days human ways journeys that take us to the end aah Haven't we always been here sharing one love and one fear Some day you'll know that life is really really all about you So come and look inside you'll be surprised to find Later I think I'll disappear into another womb and take a look inside the mens' room Haven't I given you everything that I could give where do you live aah
