

# Alice Cooper, Freak Out Song

[Music from "Don't Blow Your Mind"]

One half a billion miles away  
The lumanary man escapes  
What planetary ? freed  
To (lemon) shaped galaxy

?

You brought me from another life  
Of work and pain to analyse  
You take one, two and three  
? shaped galazy

I gather the sign  
But don`'t lose you mind  
?
