

# Alice Cooper, Hands Of Death

Sadistic wicked one (Sadistic wicked one)  
Still the mortal sting (Still the mortal sting)  
I am the only one (I am the only one)  
A dark and dreary thing (A dark and dreary thing)

And the blood washes  
Across the crucified  
Yeah, so few are chosen  
And they do not die

I am the whore of fire (I am the whore of fire)  
I see through sulfur eyes (I see through sulfur eyes)  
I'm burning in denial (I'm burning in denial)  
I chill myself alive (I chill myself alive)

And the blood washes  
Across the crucified  
Yeah, so few are chosen  
And they do not die

In the hands of death burn baby burn burn baby burn  
burn baby burn burn baby burn burn baby burn

{dialogue and chanting}

I creep and crawl inside (I creep and crawl inside)  
Into the heart of cold (Into the heart of cold)  
So dead and paralyzed (So dead and paralyzed)  
A virgin of the soul (A virgin of the soul)

And the blood washes  
Across the crucified  
Yeah, so few are chosen  
And they do not die

In the hands of death burn baby burn burn baby burn  
burn baby burn burn baby burn burn baby burn
