

Alice Cooper, Keeping Halloween Alive

I'll keep my Jack-O-Lantern light on for everyone tonight
Well I'm coming for you this Halloween
It's my favorite time of year and I'm stealing the scene
I terrify the kiddies when I'm walking down the street
I got snakes in my hair, I got spiders on my feet
I keep it goin', I keep it goin'
I'm keepin' Halloween alive, honey 3-6-5
I keep it goin', I keep it goin'
When the sun goes down I'll be creeping through your town
Trick or trick or treat, gimme something to eat
She put razors in my apples and they tasted so sweet
I won't wear a mask when I answer the door
I ain't got no reflection or a shadow no more
I keep it goin', I keep it goin'
I'm keepin' Halloween alive, honey 3-6-5
I keep it goin', I keep it goin'
When the sun goes down, I'll be creeping through your town
You can run, you can hide, but you invited me inside
Now I'm here and it's clear, I'll be feeding on your fear
You'll be you squirming on the floor, that's what Halloween is for
I just can't stop, I'll never stop, no, no
I just can't stop, I'll never stop, I want you
I keep it goin', I keep it goin'
I'm keepin' Halloween alive, honey 3-6-5
I keep it goin', I keep it goin'
I'm keepin' Halloween alive, baby 3-6-5
I keep it goin', I keep it goin'
I've kept Halloween alive since 1965
I keep it goin', I keep it goin'
I'll keep my Jack-O-Lantern light on for everyone tonight
