

# Alice Cooper, Might As Well Be On Mars

(Alice Cooper/Dick Wagner/Desmond Child)

The city streets are wet with rain tonight  
Taxi drivers swerve from lane to lane  
A lonely guitar man playin' down the hall  
Midnight blues comin' through the walls

I tried to call you on the telephone  
I left it off the hook  
Just to hear it ring  
You told me you were better off alone  
I never knew that tears could stain

I'm on the roof and I'm starin' at the stars  
Lookin' down at all the cars  
I can see you  
In the window of your favorite corner bar  
But to reach you is just too far  
And I might as well be on Mars

The city seems so old and grey and beat  
It closes in and makes me wanna suffocate  
And you just live across the street  
But that's a billion miles away

You've turned my world into a dark and lonely place  
Like a planet lost in space, my light is fadin'  
I'd cross the universe to be right where you are  
But I'm right in your backyard  
And I might as well be on Mars

[Chorus:]  
I might as well be on Mars  
You can't see me  
I might as well be the Man on the Moon  
You can't hear me  
Oh, can you feel me so close  
And yet so far  
Baby, I might as well be on Mars

Baby, I can't fly  
If I could I'd come down to ya  
Maybe I should try

I'm on the roof and I'm starin' at the stars  
Lookin' down at all the cars  
I can see you  
In the window of your favorite corner bar  
But to reach is just too far  
And I might as well be on Mars

[Chorus]
