

# Alice Cooper, Painting A Picture

[&quot;No Longer Umpire&quot;]

We've been so caught up in the subject of personnel  
Playing and acting, and slaving and bathing ourselves

Who lies and who tries to come over everyone  
Painting a picture to show everyone in the world

Fearing is natural  
New names and faces can bring  
Build ups and barriers hiding behind everything

Who lies and who tries to come over everyone  
Painting a picture to show everyone in the world
