

# Alice Cooper, The World Needs Guts

Hey you!  
Fighting for your life where you've never fought before Hey you!  
Running from the scene and nailing down your door Oh yeah!  
Back 'em off, brother  
Oh yeah!  
Terminate the mother now  
You know you gotta get hard  
The world needs guts  
The world needs power  
Show me some blood  
Show me some cuts  
Show me some scars  
The world needs guts  
The world needs us  
Hey you!  
Crying 'cause your best friend's splattered against the wall Hey you!  
Some maniac butcher's tryin' to hack away your balls Oh yeah!  
Back 'em off, brother  
Oh yeah!  
Terminate the mother now  
You know you gotta get hard  
The world needs guts  
The world needs power  
Show me some blood  
Show me some cuts  
Show me some scars  
The world needs guts  
The world needs us  
Hey, hey, what's in your eyes? I think I'm getting through  
Say, say that you despise the things they did to you  
Pray, pray some day their throats are in your hands  
Take them, shake them 'til they understand  
The world needs guts  
The world needs power  
Show me some blood  
Show me some cuts  
Show me some scars  
The world needs guts  
The world needs us  
Hey you!  
You gonna let some scumbag stab you in the back Hey you!  
Turn around kicking and rearrange your sack  
Oh yeah!  
Back 'em off, brother  
Oh yeah!  
Terminate the mother now  
You know you gotta get hard  
The world needs guts  
The world needs power  
Show me some blood  
Show me some cuts  
Show me some scars  
The world needs guts  
The world needs us
