## Alice Cooper, The World Needs Guts

Hey you!

Fighting for your life where you've never fought before Hey you!

Running from the scene and nailing down your door Oh yeah!

Back 'em off, brother

Oh yeah!

Terminate the mother now

You know you gotta get hard

The world needs guts

The world needs power

Show me some blood

Show me some cuts

Show me some scars

The world needs guts

The world needs us

Hey you!

Crying 'cause your best friend's splattered against the wall Hey you!

Some maniac butcher's tryin' to hack away your balls Oh yeah!

Back 'em off, brother

Oh yeah!

Terminate the mother now

You know you gotta get hard

The world needs guts

The world needs power

Show me some blood

Show me some cuts

Show me some scars

The world needs guts

The world needs us

Hey, hey, what's in your eyes? I think I'm getting through

Say, say that you despise the things they did to you

Pray, pray some day their throats are in your hands

Take them, shake them 'til they understand

The world needs guts

The world needs power

Show me some blood

Show me some cuts

Show me some scars

The world needs guts

The world needs us

Hey you!

You gonna let some scumbag stab you in the back Hey you!

Turn around kicking and rearrange your sack

Oh yeah!

Back 'em off, brother

Oh veah!

Terminate the mother now

You know you gotta get hard

The world needs guts

The world needs power

Show me some blood

Show me some cuts

Show me some scars

The world needs guts

The world needs us
