

# Alice Deejay, I Want You Walking On Sunshine (V

Looking through the morning dew,  
Or smoking mountains, nothing new,  
Creep into the mountain top,  
We work um till it's time to stop, (Oh baby)

(Chorus)  
You're mine, you're mine you're,  
Walking on sunshine,  
I got to tell you that you're doing fine,  
Walking on sunshine  
I've got to tell you that you're doing fine,  
Walking on sunshine

(That's right, you're there,  
Everybody to the sun, that's right, you're there)

Living isn't everything,  
But you know the feeling love can bring,  
Cause a, when you're floating through your cloud,  
Worry, but don't shout too loud (Oh baby)

(Chorus)  
You're mine, you're mine you're,  
Walking on sunshine,  
I've got to tell you that you're doing fine,  
Walking on sunshine  
You're mine, you're mine you're,  
Walking on sunshine,  
I've got to tell you that you're doing fine,  
Walking on sunshine,

(Ohhhhhhhhhhhhhhh)

That's right, you're there...  
That's right, you're there...  
That's right, you're there...  
That's right, you're there...

(Repeat x2)  
Sky's the limit and you know that you keep on, keep on,  
Walking on sunshine,  
Sky's the limit and you know that you keep on, keep on,  
Walking on sunshine,  
Sky's the limit and you know that you keep on, keep on,  
Walking on sunshine,
