Alice Deejay, Will I Ever

Nanana...

I don't dare to let it show, Therefore you will never know. What I really feel inside, and how I lay awake at night.

(Chorus) Will I ever fall in love, and if I do will it be with you? Will I ever fall in love, and will you be the one for me?

Will I ever fall in love, and if I do will it be with you? Will I ever fall in love, and will you be the one for me?

Nananawheho nanana nananawheho Nananawheho nanana nananawheho

I guess it all in my head, and I will be alone instead. Dreaming of a night with you, and all the things that we would do.

Will I ever fall in love, and if I do will it be with you? Will I ever fall in love, and will you be the one for me? (3 X)
