

# Alice Glass, LOVE IS VIOLENCE

Love is violence

You taste like rotten meat  
Sips of spoiled milk  
I know that I won't give it up  
You just take from my body  
Is it pleasing to defile  
Inside

And I'll make you think  
There's time to kill  
Time to haunt you  
I still have doubts  
Tied to  
Tied to walls up inside  
I need some time alone

Love is violence  
I don't even know what the fuck we've become  
(Love is violence)  
You're bleeding me dry, is it enough  
(Violence)  
I don't even know if I'll make it through the night  
(This love is violence)  
Still I wonder why I feel relief

I'm giving you nothing to breathe  
Are you the slaughtered lamb  
I'll lead you to the ritual  
They're complacent, I'm choking  
I'll cut you with a smile  
It's my pain as the main attraction

I don't want to think  
I need to kill  
I need to fear you  
I still have doubts  
Tied to  
Tied to walls up inside  
I need some time alone

Love is violence  
I don't even know what the fuck we've become  
(Love is violence)  
you're bleeding me dry, is it enough  
(Violence)  
I don't even know if I'll make it through the night  
(This love is violence)  
Still I wonder why I feel release  
(Love is Violence)  
Feel release

Love is..  
Love is violence  
This love is violence

Love is violence  
I don't even know what the fuck we've become  
(Love is Violence)  
You're bleeding me dry, is it enough  
(Our love is violence)  
I don't even know if we'll make it through the night  
(This love is violence)  
Still I wonder why I feel release

Love is violent

You think you're damaged  
Just because they make you feel that way  
Don't let them sell you off  
Another lamb to the slaughter
