

# Alice In Videoland, Cut the crap

Hey, come on, cut your crap  
Get it on, I'm kicking back  
You've got to, hah hah, to give it to me baby.  
Don't you stand over there,  
Be a man if you dare  
You've got to, hah hah, to treat me like a lady.  
I love the way you like me,  
the things you say about me.  
I like you looking pretty though I look like hell.  
I like it when you miss me.  
I like it how you kiss me,  
I like you looking after me though all is well.  
Let's stay in bed all day long, I say  
We can do it all in every way  
'cause I like it just the way you like it.  
ooOOOooh!

Hey, come on, cut your crap  
Get it on, I'm kicking back  
You've got to, hah hah, to give it to me baby.  
Don't you stand over there,  
Be a man if you dare  
You've got to, hah hah, to treat me like a lady. (x2)  
You know my every action  
My different reaction  
You know what gets me going and what pisses me off  
You know I'm not the soft kind  
I do what's on my own mind  
But suddenly it seems like I can't get enough.  
Let's stay in bed all day long, I say  
We can do it all in every way  
'cause I like it just the way you like it.
